

# He is my father

## a courageous life adventure

**a film by Roberto Gasparro**

Michele is a simple cobbler married to Elvira, and father of Cristiana, a young 17-year-old girl full of expectations and dreams, mostly about her father, whom she doesn't esteem much. Michele works all day in his little shop, inherited from his father. Every day before opening, he puts on a mask and a mouthpiece and without being noticed, goes to clean up the local beach.

One morning, while he is cleaning up the rubbish, a jogger takes a photo of him and posts it on a social network captioning it as "The Masked Man."

The post becomes very popular and many young people, including his daughter Cristiana, fall in love with this hero, without realizing that the man behind the mask is her father.
